<b>ML Capstone</b>	4	<b>ML Capstone</b>	4
Electives	<u>9</u>	Electives	<u>9</u>
	16		16

\*Students entering the University who placed beyond the 110/111 Language sequence will substitute this sequence with a higher sequence, e.g., 210/211 or 214/215.

**Reminder: The 110/111 sequence only counts as ML electives and not part of a major program.** Majors in a language may do part of their work at other local institutions under the Inter-College Registration Program, **and are urged to spend at least a summer session-longer if possible- in an appropriate foreign country before the beginning of their fourth year.** (The International Center is to be consulted for these study-abroad opportunities.)
