ML Capstone	4	Electives	<u>9</u>
Electives	<u>6</u>		<u>16</u>
	16		16

*Students entering the University who placed beyond the 110/110 Language sequence will substitute this sequence with a higher sequence, e.g., 210/211 or 214/215.

Reminder: The 110/111 sequence only counts as ML electives and not part of a major program. Majors in a language may do part of their work at other local institutions under the Inter-College Registration Program, **and are urged to spend at least a summer session-longer if possible- in an appropriate foreign country before the beginning of their fourth year.** (The International Center is to be consulted for these study-abroad opportunities.)
