CCSCNE-2010

Computer Programming Contest Information and Policies

What: 3 hour programming contest where students will compete to see which team can complete the most programming problems.

Who: Each team consists of up to three undergraduate students from a college or university. If space permits multiple teams can come from the same college or university.

When: April 16th 9am - Noon. The contest is held concurrently with the conference workshops and before the paper sessions.

Details:

- Space is limited, so pre-conference registration including payment is required by **March 23**. A team's registration is not confirmed until payment is received. Space permitting, after March 23 second team requests will be considered.
- The team registration fee is \$50 and is non-refundable. All of the team members are required to be registered for the conference by March 23 as is the faculty advisor for the team
- Note that there is a late fee for conference registration after March 23.
- The programming languages for the contest are Java and C/C++.
- Rules for the contest are similar to the ACM Programming Contest.
- The winners of the contest will be announced at the Conference Banquet.
