Important Dates

- Submission deadline: October 24, 2003
- Acceptance notification: January 7, 2004
- Final versions due: February 6, 2004

Papers are being solicited for a special track on Neural Network Applications at the 17th International FLAIRS Conference (FLAIRS-2004). The special track will be devoted to the applications of Neural Networks with the aim of presenting new and important contributions in this area. These application areas include, but are not limited to, the following: Vision, Pattern Recognition, Control and Process Monitoring, Biomedical Applications, Robotics, Speech Recognition, Text Mining, Diagnostic Problems, Telecommunications, Power Systems, Signal Processing, and Image Processing

Submission Guidelines

Interested authors must submit completed manuscripts by October 24, 2003. Submissions should be no more than 6 pages (4000 words) in length, including figures, and contain no identifying reference to self or organization. Papers should be formatted according to AAAI Guidelines. Submission instructions can be found at FLAIRS-04 website at <http://www.flairs.com/flairs2004>. Notification of acceptance will be mailed around January 7, 2004. Authors of accepted papers will be expected to submit the final camera-ready copies of their full papers by February 6, 2004 for publication in the conference proceedings which will be published by AAAI Press. Authors may be invited to submit a revised copy of their paper to a special issue of the International Journal on Artificial Intelligence Tools (IJAIT). Questions regarding the track should be addressed to: Tony Pipe at Anthony.Pipe@uwe.ac.uk
