

# Fichman Eye Center

## LASIK

To all University of Hartford employees, family, and friends:

My name is Ben Fichman and I am a former U of H student. I am now working in the family business – known as the Fichman Eye Center. I have spoken to Dr. Fichman about offering a discount to certain organizations and he has authorized me to include the University of Hartford. What he has authorized is as follows:

**\$2500 off our Custom/Bladeless LASIK procedure**

**20% off ®crystalens cataract surgery**

**20% off all sunglasses**

The first step in losing your glasses is to come in for a **free** evaluation. During this visit you will learn all about the procedure and discover if you are a good candidate. Most people are shocked to learn that they can have the procedure in the afternoon and return to work the next day. It really is that easy!!

**Please give me a call at (860) 649-9973 to let me know when you would like to come in. We are open Saturdays.**

Thank you,

Ben Fichman
